# Wings Over Water

Paintings and prints of wetland birds

Midday Sat Oct 6th to 28th 2018

Godwits and lapwings at high tide pastel by Dafila Scott S WL A

The birds of wetlands have an enduring appeal. They inhabit stunning wild places and are often in numbers that provide pure, breathtaking spectacle.

The exhibition takes its title from a printmakers' book by Norfolk publisher, *Mascot Media*, planned to be launched at BIRDscapes in May 2019. It features a wide range of work from a diversity of artists, where water birds and watery places take centre stage.
